Quality Policy

BOREALIS Keep Discovering

We are highly committed to our **Quality** and encourage every employee to embrace our quality principles, as it is a shared responsibility.

We are committed to meeting **applicable requirements** efficiently and exceeding **customers' expectations** through skilled and competent people, all while tirelessly striving to enhance customer satisfaction as one of our primary goals.

Our people embody curiosity, the right attitude and behavior, all of which promote our **zero nonconformity** and **zero defects** mindset.

We are committed to continuous progress and improvement, actively seeking **sustainable solutions** that meet the needs of our customers, interested parties, and the world, both today and in the future.
